PBRS · AUCKLAND

Kia ora, and welcome to PBRS.

Our tutors are a mixture of experienced professionals and chefs fresh from the industry, so our students learn the practical knowledge they need to succeed at industry level. All staff take part in regular professional development during term breaks, and that learning is passed on to students.

Our chef tutors are passionate about what they do and are happy to stay on after class to give one-on-one coaching when a student needs it.

We invest time and resources in helping students compete at regional and national levels in the culinary and hospitality competitions held each year in Auckland. We have five modern commercial training kitchens as well as a fully functional restaurant that gives students and invited guests real-world experience.

I look forward to personally welcoming you to PBRS.
